COMMENTS FROM THE TOWN MANAGER'S OFFICE

The copy for the town report is now in the hands of our local printer. It is anticipated that the reports will be ready for distribution about Feb. 18th or 20th.

The warrant will be posted in a few days for the annual town meeting. The meeting will be held on March 2nd, opening at 10:00 a. m. The polls will open for the balloting for town officers upon the order of the moderator immediately after his election. They will remain open until 8:00 p. m. The balloting will take place at the Community Room, the business session will open at 8:00 p. m. at Odeon Hall.

The office hours are 9:00 a. m. to 12 noon and 1:00 p. m. to 4:30 p. m. If it is impossible for anyone to come in during these hours to pay their 1958 excise tax, arrangements may be made ahead of time by appointment to come in before 9:00 a. m. or between 4:30 and 5:00 p. m.

There seems to be some misunderstanding regarding the minimum excise tax beginning with the sixth year of a model. It is not necessarily \$5.00. The law states that the excise tax for the sixth year and each year thereafter shall be three mills of the factory list price, but no less than \$5.00. Any vehicle that has a factory list price of over \$1,000.00 will be greater than \$5.00. For example, a vehicle listing for \$2,000.00 the tax would be \$6.00.

Sincerely,
Harold L. Bean

SAFETY EXHIBIT VISITS BETHEL ON STATE TOUR

Students of Gould Academy were given a most realistic lesson showing the effects of speed in automobile driving last Thursday when "Operation Speed" exhibit sponsored by the Maine Highway Safety Committee was displayed on the campus.

This exhibit featured a car in which its 17 year old driver met death last October 15 at Westbrook. A 16 year old passenger was seriously injured. So severe was the crash that it took an hour and forty minutes to remove the body of the driver and the injured person. The car traveled 194 feet after leaving the road before hitting a tree.

The trailer-mounted exhibit, which is making a tour of the state through the cooperation of 50 motor carriers, was accompanied here by Trooper Herman Boudreau. Mr. Boudreau spoke before the student body and showed many gruesome pictures of motor accidents throughout the state.

As the result of his talk, plans were begun for the formation of a Youth Council by the students. An organized in other schools, these council work actively in promotion of safe driving practices, have committees to care for parking and pedestrians and make needed surveys. They also have a member to represent the school on the Governor's Safety Committee.

Jo Ann Perry celebrated her eighth birthday on Friday with a party at her home after school. Games with prizes were enjoyed and refreshments including a decorated Valentine cake, were enjoyed. Present were Patty Saunders, Nancy Chapin, Sharon Brown, Cynthia Crockett, Karen Brown and Jo Ann Perry. Invited but unable to attend were Betty Chapin, Darlene Merrill and Sylvia Kimball.

Other officers elected at the organization meeting were Edmond J. Vachon, Treasurer, and Guy P. Butler, Secretary. Mr. Vachon is President of the Bethel Savings Bank and Associate Headmaster of Gould Academy. Mr. Butler is Owner-Manager of the Bethel Inn and former Executive Manager of the Maine Publicity Bureau.

In addition to the officers, the following local business and professional men were elected to the Board of Directors: Kimball Ames, Philip H. Chadbourne, Charles S. Chapin, Richard L. Davis, Stanley E. Davis, Dana C. Douglass, Jr., Henry H. Hastings, Charles E. Heywood, Murray W. Thurston, Dr. John W. Trinward, and E. A. Van Den Kerkhofen.

As set forth in the Charter which was adopted at the meeting of the incorporators, the purpose of the Corporation is "to foster, encourage and assist the location, settlement, resettlement, or expansion of industry, manufacturing and other business, educational or cultural enterprises in the Town of Bethel and its environs." It is a non-profit Corporation, organized under the provisions of Chapter 64 of the Revised Statutes of 1954, and it will be largely dependent upon the financial support of its members for a healthy and aggressive furtherance of its program. One of the first projects to be undertaken by the Corporation will be the completion of a survey of Bethel's industrial potential which was initiated some time ago by a committee of the Chamber of Commerce.

Children's Dental Care Duty of Parents

When statistics show that 50% of the New England population have or have had dental decay that 50% of all two year olds have or have had carious teeth, who's to blame? The New England Dairy and Food Council puts the blame on diet and the lack of dental care and suggests a three-point check list to encourage children to care for their teeth.

Cooperating with the American Dental Association during Children's Dental Health Week, Feb. 2-8, New England Dairy and Food Council urges youngsters and parents alike to help prevent dental disease by eating wholesome foods including fresh vegetables and dairy products, brushing the teeth after meals, and visiting the dentist regularly.

"It's up to parents to impress upon their children the importance of sound dental care, and using a three-point check list is an effective measure in making this impression," says a Dairy Council Home Economist. "Take a large piece of paper and divide it into columns for each day of the month, leaving a wide column at the left for listing 1) good diet, 2) brushing after meals, and 3) regular visits to the dentist. At the end of the day, give the child a star or a check for each task well done, including visiting the dentist about every six months."

But remember that it takes more than a game to make cleaning the teeth a pleasure rather than a chore. "If a toothbrush, tooth paste, and the right foods are not easily accessible," says the Dairy Council, "make them available and within the child's reach. A small stool in the bathroom for reaching for parents."

HALE SEEKS SMALL BUSINESS AID

CONGRESSMAN ROBERT HALE (R., Maine), right, met recently with Wendell Barnes, head of the Small Business Administration, to discuss aid to small business in Maine. Barnes said small business loans to Maine in 1954 amounted to \$1.5 million, an increase of \$1 million over the previous year. Hale has introduced legislation to make the Small Business Administration a permanent agency, provide tax benefits for small business and authorize low-interest loans in areas of persistent unemployment.

MAN'S RECIPE

BACON-FLAVORED SCALLOPED CORN

Did you know that corn is a grass? Do you appreciate that it is the most important grass crop in the nation and that corn and its by-products are used in scores of ways in industry?

When I was a boy, we always raised an acre or so of field corn. Father figured a bushel of 40 bushels was satisfactory and it was close enough. Today, yields of 100 bushels with hybrid seed, are common. The average ear of corn has about 400 kernels. In 1953 no hybrid corn was grown; to win the Middle West it is practically 100 per cent hybrid. About 25 per cent of the corn we grow comes to our tables in the form of milk, eggs, butter, cheese, pork and beef.

I like today's dish for supper on a cold night. You need one pound of corn, a small green pepper, a small onion, six strips crisp-fried bacon, three fourths cup bread crumbs, one egg slightly beaten, three fourths cup rich milk, salt and pepper to suit, crumbs for the topping and butter or margarine to dot the top.

Wash the corn and remove from husks, and when cool break into small pieces. Wash the pepper, core out two small pieces and fry it and the sliced onion in two tablespoons bacon fat.

To the pepper and onion, add the corn, bread crumbs, beaten egg, milk, salt, pepper and butter. Mix everything together and pour into a buttered casserole.

Crumbs, dot with plenty of butter or margarine and bake at 375° for 15 minutes. It is very hot all the way through and crumbs are a deep brown.

Despite holding a commanding lead throughout three periods the Gould Academy quintet was nosed out 64-62 by a St. Patrick's rally in the fourth quarter. The winners put together a 17-5 final stanza to do the job. The Huskies missed 9 out of 11 free throws in this last period. Both teams scored 12 from the free throw line with the New Hampshire club missing 11 while Gould failed on 17 attempts.

St. Pats had four men scoring in double figures. Whitten (30) and Smith (18) led the Academy five.

The Gould J.V.'s opened the festivities with a 49-28 victory. The underdogs put on a strong final period, scoring 20 points while the St. Pats J.V.'s scored 8.

PLANS AND RECORDS IMPORTANT

Thoroughly prepared farm and home plans, together with well kept records of the year's farm income and expenses, are important factors when it comes to getting the greatest possible benefit out of Farmers Home Administration loan funds and farm income. That's the opinion of Elwyn R. Morrow, the agency's county supervisor who, in addition to lending money to family-type farmers for operating, buying, enlarging, or improving farms, spends much of his time advising with loan applicants and borrowers about their plans for better farming, farm and home bookkeeping, and money management.

Tax on Cats

Dear Editor:

Would you please print this piece in your paper in regards to the half starved, cold and frozen strays?

It is getting so that it is not safe to go out onto your back porch day or night for fear of a stray cat jumping out of your rubber barrels and landing in your face, or on your back. When it is ten, 12, or 30 below zero. How would the owner of these cats live to be out in the snow. It is true that cats have a warm pelt, so has man but at least when night comes they know they have a shelter in which to go.

I have bought milk, cat and dog food to feed these cats, and this last week I took a little female cat in and kept it down cellar for two days near the furnace where it could be warm. The cat was sick with pneumonia.

I phoned one of the Town officials, who agreed with everything I said, but was told if it was a dog case there was money allotted to have it taken care of. He and I both agreed that there should be a humane officer here in Bethel, also outside of Bethel to handle such matters, but I say if there is one appointed be sure he is an honest capable one who will not turn these cats out on a back road and drop them for some else to find.

It is 30 below zero this morning. I wonder where the strays sleep. I know where one of them the other cat slept. If there is a humane officer for cats who is there because I paid \$4.00 to get her out of her cage, which I could ill afford, but my conscience is clear.

If a poor family has a pet dog and a little child loves, as all children and the tax is not paid, what happens? But the poor defenseless pinks can roam and starve. Oh yes recently, a cat was found dead in a building which was closed. Do you need proof?

Why not put in for a vote at the coming town meeting on paying taxes on the felines? We're behind in 100 per cent.
